

2018 Review Letter from the CEO.

Greetings,

The past year has been an active one for our organization. We have had the privilege to experience monumental growth in each of our departments. The collective efforts of our team members have given us these milestones which we achieved in 2018:

- **We successfully established partnerships with seven organizations globally.**
- **We successfully completed 10 monthly service projects within the Liberian disabled community.**
- **We renovated 1 classroom at a deaf school in Liberia.**
- **We successfully created 270 hygiene packages that were given out to disabled men, women, and children on World Health Day 2018.**
- **We executed 2 hygiene and sex education programs at 2 deaf schools in Liberia.**
- **We successfully partnered with the first Paralympic athlete in Liberia.**
- **We successfully created a weekly radio program about disabilities (Williette Speaks) on ELWA radio station that airs in all 15 counties of Liberia. Guinea, Sierra Leona, and Ivory Coast.**
- **We successfully solidify a partnership with a UK based organization to provide child amputees school aid and prosthesis assistance.**
- **We successfully partnered with a Liberian art organization to create a 1-month writing club at a deaf school to enhance students writing skills, vocabulary, and reading comprehension.**
- **We successfully executed a hygiene project at a disabled elementary school in Liberia along with 23 fellowship students from historically black colleges and universities from different states within American.**

As you can see, we believe wholeheartedly in operating our organization as effectively and efficiently as possible. We have provided numerous services to the Liberian disabled community which has given us the platform to create authentic relationships with individuals and businesses that are passionate about disabilities.

We could not operate without financial support; support that is critical in order for us to carry out our monthly projects. In 2018, we received global support because of our transparency and accountability as an organization.

As we continue our journey in 2019 if you are not involved, I ask that you consider serving along with us. If you're not able to take advantage of our volunteer opportunities in Liberia you can support us with your monetary gift. Your contribution will provide us with the resources we need as we continue our work within local disabled schools and communities.

We believe we will see generational change as we move forward yearly. We understand growth along with development is key; patience accompanied with consistency is the need.

Sincerely,

Rita Stryker

CEO, Williette Safehouse
